TraumaSim Group is a global leader in medical trauma expertise and training solutions, with world-class moulage techniques, tools and training.

The application of moulage in a scenario dramatically increases the realism required to overcome the initial shock factor when responding to a real-life emergency situation. The highly experienced TraumaSim team has been delivering moulage services, training and workshops to a variety of military, medical and emergency response personnel around the world since 2008. We can apply medically accurate wounds and injuries to manikins or role players in-situ, and we also offer engaging and informative hands-on workshops and a vast range of quality moulage consumables available.

AROUND THE GLOBE, ACROSS INDUSTRIES

Built on the backbone of healthcare, nursing and first aid training, TraumaSim's Moulage services and solutions reflect clinical accuracy and medical realism.

EMERGENCY FIRST RESPONDERS | DEFENCE
CLINICAL HEALTH & EDUCATION | FIRST AID TRAINING
RESOURCES & MINING | MANUFACTURING & CONSTRUCTION

"LEARN THE ART OF CREATING REALISTIC SIMULATED WOUNDS AND INJURIES."
